

Instant Recall Number facts to learn – Year 1

The aim of instant recall facts is that children know these facts instantly, without having to resort to saying a rhyme or using their fingers.

Number bonds for each number to 10

1	2	3	4	5	6	7	8	9	10
0+1=1 1+0=1	0+2=2 1+1=2 2+0=2	0+3=3 1+2=3 2+1=3 3+0=3	0+4=4 1+3=4 2+2=4 3+1=4 4+0=4	0+5=5 1+4=5 2+3=5 3+2=5 4+1=5 5+0=5	0+6=6 1+5=6 2+4=6 3+3=6 4+2=6 5+1=6 6+0=6	0+7=7 1+6=7 2+5=7 3+4=7 4+3=7 5+2=7 6+1=7 7+0=7	0+8=8 1+7=8 2+6=8 3+5=8 4+4=8 5+3=8 6+2=8 7+1=8 8+0=8	0+9=9 1+8=9 2+7=9 3+6=9 4+5=9 5+4=9 6+3=9 7+2=9 8+1=9 9+0=9	0+10=10 1+9=10 2+8=10 3+7=10 4+6=10 5+5=10 6+4=10 7+3=10 8+2=10 9+1=10 10+0=10

The secret to success is practising little and often. Use time wisely. Can you practise these facts while walking to school or during a car journey? You don't need to practise them all at once: perhaps you could have a fact of the day.

Key Language you could use: 'What is 3 add 2?' 'What is 2 plus 2?' 'What are the different parts of 5?'

Number Bonds to 10

Children know addition and subtraction facts for numbers up to 10. These are sometimes referred to as number bonds – pairs of numbers that make 10. Children also need to be able to recall instantly the corresponding subtraction facts.

0+10=10	10-0=10
1+9=10	10-1=9
2+8=10	10-2=8
3+7=10	10-3=7
4+6=10	10-4=6
5+5=10	10-5=5
6+4=10	10-6=4
7+3=10	10-7=3
8+2=10	10-8=2
9+1=10	10-9=1
10+0=10	10-10=0

White Rose Maths has a free app that you can download with games that support children's instant recall of these facts.
